Projects

Sales Dashboard

July- 2025

- Created an interactive Power BI dashboard to monitor quarterly sales performance, highlighting top-performing products and customer payment trends for better decision-making.
- Analyzed customer-level profitability to identify high-value clients and support targeted sales strategies.
- Identified seasonal sales patterns through monthly trend analysis, helping improve inventory planning and demand forecasting.

Kitchen-Magic

Sep2025 – Oct 2025

- Developed a user-friendly recipe discovery web application using HTML, CSS, and JavaScript..
- Implemented search functionality and dynamic UI features to enhance user experience and engagement.
- Deployed the project on Netlify and managed version control using GitHub, demonstrating end-to-end project execution.

Experience

Full Stack Internship-SmartBridge

Jan 2025-April 2025

- Developed responsive frontend interfaces using the MERN stack (MongoDB, Express.js, React.js, Node.js) for an e-commerce platform.
- Designed and managed MongoDB databases to efficiently store and organize product and user data.
- Implemented CRUD operations using Node.js and Express.js to enable seamless data handling and API integration.
- Integrated React.js frontend with backend services to ensure smooth user interaction and real-time updates.
- Performed data cleaning, validation, and query optimization to improve data integrity and application performance.

Achievements

- Participated in L'Oréal Sustainability Challenge 2025 (Online Aptitude Assessment) — a national-level corporate competition organized by L'Oréal, competing as Team Rising_SunShine.
- Participated in TATA Crucible Campus Quiz 2025 — one of India's largest and most prestigious corporate quizzes, organized by the Tata Group
- Participated in TATA Imagination Challenge 2025 (Tata Quiz round) — a national-level innovation and business thinking challenge by the Tata Group.

Certifications
