Soft Skills: Stakeholder Communication, Cross-functional Collaboration, Problem-Solving, Time Management, Adaptability.

Projects

Sales Dashboard

July- 2025

- Built an interactive Power BI sales dashboard to analyze customer purchasing behavior and quarterly revenue trends.
- Identified high-performing products and customer segments to support business decision-making.
- Presented actionable insights through data visualization to improve sales planning and inventory forecasting.

Kitchen-Magic

Sep2025 – Oct 2025

- Developed a user-friendly recipe discovery web application using HTML, CSS, and JavaScript.
- Implemented search functionality and dynamic UI features to enhance user experience and engagement.
- Deployed the project on Netlify and managed version control using GitHub, demonstrating end-to-end project execution.

Experience

Full Stack Internship-SmartBridge

Jan 2025-April 2025

- Developed responsive frontend interfaces using the MERN stack (MongoDB, Express.js, React.js, Node.js) for an e-commerce platform.
- Designed and managed MongoDB databases to efficiently store and organize product and user data.
- Implemented CRUD operations using Node.js and Express.js to enable seamless data handling and API integration.
- Integrated React.js frontend with backend services to ensure smooth user interaction and real-time updates.
- Performed data cleaning, validation, and query optimization to improve data integrity and application performance.

Communication & Leadership

- Led team discussions to break down problems and drive efficient solutions, ensuring smooth collaboration.
- Communicated complex technical concepts in a clear and structured manner, adapting to both technical and non-technical audiences.
- Presented actionable insights from data analysis (Power BI dashboards) to support informed decision-making.
- Demonstrated proactive communication and ownership by identifying issues early, coordinating solutions, and meeting deadlines in fast-paced environments.

Achievements

- Participated in the L'Oréal Sustainability Challenge 2025, working on business and sustainability problem-solving scenarios in a national-level competition.
- Participated in Tata Group, demonstrating analytical thinking and business awareness.
- Participated in Tata Group focused on innovation and strategic business thinking.

Certifications

- Get the Most Out of Jira – Atlassian University (In Progress, Expected Completion: 2026)
- Project Management Certification – Simplilearn (2026)
- Introduction to Figma – Simplilearn (2025)
